

Prestige Clean Home equips four government schools with water purifiers for clean drinking water

- *Over 350 students and 40 teachers will benefit from this initiative*
- *Purifiers inactivate more than 99.9 percent of bacteria, viruses and cysts in drinking water*

Bangalore, August 30, 2017: Prestige Clean Home, TTK Prestige's home cleaning brand, today distributed water purifiers to four government schools, thus ensuring that over 350 school students along with 40 teachers get access to clean drinking water. The principals of Government Telugu Higher Primary School, BBMP Girls High School, Government Kannada Higher Primary School, and Government Tamil Higher Primary School were today presented with the water purifiers by Mr. Dinesh Garg, Executive Vice President of TTK Prestige at a ceremony held at Government Tamil Higher Primary School.

The Water purifier, runs without electricity and inactivates more than 99.9 percent of bacteria, viruses and cysts, thus protecting health of the students by providing them clean drinking water.

Speaking at the occasion, Mr. Garg said, "We are pleased to present our cutting-edge technology water purifiers to enable students to have access to clean and pure drinking water within the school premises. The water purifiers will also ensure that students don't have to queue in front of a single tap, saving a lot of time. Especially in the monsoons, children are prone to all kinds of diseases that could arise from consuming water that is not clean. We believe that healthy children make for great students – and I sincerely hope that this initiative will help in maintaining the overall health of these students."
