Chairman said:	Having received various queries, I now request Mr. Chandru Kalro, Managing Director and Mr. Shankaran, Wholetime Director to provide the answers / clarifications.
Answers / Clarification given to the Queries raised by the Speakers by Mr. Chandru Kalro and Mr. Shankaran	
Mr. Shankaran said:	The Chairman's Speech is vivid and clearly stated that there have been quite a few changes in the market including consumer preference, consumer behavior, innovation and premiumization and in all this process we also explained the reason for drop in turnover and also our ability to maintain the margins in spite of drop in turnover has been spelt out in the Chairman's Speech and in Director's Report. Therefore, what we are trying to do is to focus on the future as explained by him due to the change in circumstances what we perceived in 2018 is no more relevant. Hence we have engaged an external consultant of global repute and will get their views in the next few months which will give us the base for our future vision both short-term and medium-term and will share with you the same as appropriate. In the last 2 years as Chairman explained in his speech there have been headwinds for the industry in general and in particular for the Company due to reasons like moving out of imports which restricted our expansion in few categories or had to drop few categories. We do believe that we will have some decent growth in the current financial year and improve the margins subject to any soft investments that we need to make for various activities as explained by the Chairman in his speech. As regards to the R & D spend, it is given in the Annual Report. Last year we have spent Rs. 5.36 Crores i.e., 0.2% of the total revenue.

	There was a question on whether we are delisting the Company. We are only doing the Buyback of Equity Shares of the Company and not Delisting the Company. In this buyback we have offered what can be maximum offered by the Company with the approval of the Board which is 10% of the Net Worth. We will share the results once the process is completed. Promoters are participating as per the regulations. As regard to the Patents, 28 Patents are fully granted and 18 Patents are still pending. Regarding the Composition of Board, the full profile of the 14 Directors is in the Director's Report, Corporate Governance Report. The inter Company transactions are at arm's length and transactions are placed before the Audit Committee for approval. Regarding the acquisition plans as mentioned before we have engaged the Consultants for advising us and based on their Report, we will see whether acquisition is required at this point in time. The Forex income of the Company is about 70 Crores and as regards to the fire safety, energy audit and the green initiatives Mr. Chandru Kalro will answer.
Mr. Chandru said:	Good Morning Shareholders, We have 5 plants, one in Hosur & Coimbatore in Tamilnadu, Karadi in Maharashtra, Karjan in Gujarat and Roorkee in Uttarakhand. All of our factories are strictly compliant with all the norms on Fire safety. Regular audits are conducted as per the norms. We have great focus on the safety of our employees. On the Solar Energy front, we have been working this for the last three years and we had Solar power coming in on our roofs in Hosur and in Karjan. In Karjan we have two roofs still left which we will now get Solar power done. In addition, we are looking at contracting through green energy from various other options available so that we can maximize our green initiatives and sustainability initiatives both from national perspective as well as cost perspective and these are likely to fetch us rich dividends. Over the last five years, all our factories now employ women as does our Corporate Office there has been a substantial improvement in the last five years and we are constantly looking at how we can increase the proportion of women in our employment as we go long.
CONCLUSION	
After the response to queries, Shankaran said:	Thank you all. I place on record my appreciation to all of you for your valid observations and participation and would like to proceed further on the business of this meeting. Members, you may please note that the voting on the KFinTech platform will continue to be available for the next 15 minutes. Therefore, members who are present in this meeting and those who are yet to cast vote are requested to do so.

	The Board of directors has appointed Mr. Parameshwar Hegde, Practicing Company Secretary Bengaluru as the Scrutinizer to supervise the e-voting process. Further, we shall declare e-voting results within the SEBI prescribed timeline and inform stock exchanges and also will place the same on the Company's website. The resolutions, as set forth in the Notice, will be deemed to have been passed in today's AGM subject to receipt of requisite number of votes.
